Assignment - 5

(16SN602 -Network Forensics)
By:- Pratyush and Sreelakshmi
Department Of Cyber Security Systems and Networks

###

Deadline - Sunday 11/02/2018 11.55 pm.
Submission is on forensic602@gmail.com , subject stating your Assignment name Roll No.

1.) Given a pcap file and you are required to:
  ● Find out the "Flag" and other relevant information from the pcap file.
  ● Use tools that are discussed in the class, wireshark preferably but not mandatory.

2.) Submit a Write-up for the above challenge which should contain:
  ● Your name and roll no.
  ● Tools used.
  ● Complete walkthrough of how you approached.
  ● Detailing about the type of communication going on.

**If you have written a script to solve the above problem, submit the script file separately, NOT within the write-up.

Code of Conduct:
  ● *Plagiarism* will result in direct *zero* for the assignment.
  ● Deadline should be followed *strictly*. Submission after the deadline without prior information of any valid reason could result into losing marks.
